The following amendments to the administrative rules are presented for adoption at the November 13, 2019, meeting of the Council on Human Services:

R-1. Amendments to Chapter 77, “Conditions of Participation for Providers of Medical and Remedial Care,” Chapter 78, “Amount, Duration and Scope of Medical and Remedial Services,” and Chapter 83, “Medicaid Waiver Services”. The Department is clarifying the brain injury (BI) waiver provider qualifications to align with the services and supports that are rendered by qualified brain injury professional and accredited brain injury rehabilitation programs. These amendments also adopt the use of the most current version of the Mayo-Portland Adaptability Inventory Scale for both the brain injury waiver and the community-based neurobehavioral rehabilitation service as a valid and appropriate assessment tool for service planning.

R-2. Amendments to Chapter 105, “Juvenile Detention and Shelter Care Homes,” Chapter 112, “Licensing and Regulation of Child Foster Care Facilities,” Chapter 114, “Licensing and Regulation of All Group Living Foster Care Facilities for Children,” Chapter 115, “Licensing and Regulation of Comprehensive Residential Facilities for Children,” and Chapter 116, “Licensing and Regulation of Residential Facilities for Children with an Intellectual Disability. These amendments remove obsolete elements within the administrative rules, bring better alignment to current practice and implement changes required by federal law.

The following amendments to the administrative rules are presented as Notice of Intended Action for review by the Council.

N-1. Amendments to Chapter 75, “Conditions of Eligibility.” This rule will continue to allow an annual change in the statewide monthly standard deduction for personal care services

provided in a licensed Residential Care Facility (RCF) based on the Consumer Price Index (CPI) for urban consumers. This annual change continues to be a benefit to Medically Needy members who reside in a licensed RCF because it allows the personal care needs to be applied to the spenddown obligation.

N-2. Amendments to Chapter 81, “Nursing Facilities.” The department has promulgated rules in order to provide clarification on the treatment of depreciation when a change of nursing facility ownership occurs. Rules are also promulgated to clarify leasing arrangements. The department has updated the Iowa Medicaid Enterprise (IME) mailing address and made changes to reflect current operations of the IME.

N-3. Amendments to Chapter 78, “Amount, Duration and Scope of Medical and Remedial Services,” Chapter 83, “Medicaid Waiver Services,” and rescinds and adopts new Chapter 90, “Case Management Services”. Clarifies the case management service activities that are received by various populations in the Medicaid program. Revises rules to include definition and references to Core Standardized Assessments (CSA) as required under the Balancing Incentive Program (BIPP). The BIPP was created as part of the federal Patient Protection and Affordable Care Act. Participation by Iowa is required by 2012 Iowa Acts, chapter 1133, section 14, and 2013 Iowa Senate File 446, section 142 (20). Adds a section to outline and require billable activities for fee for service members. Adds a requirement for provider reporting of minor incidents. Adds the person-centered service planning definition and service requirements. Updates case management cross references in other chapters that are affected by this rule package.
